

# EDIWheel

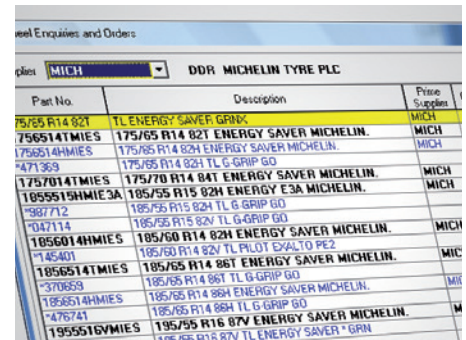

Integrated e-commerce  
tyre ordering module

Check stock, confirm delivery schedules and place orders with a wide range of tyre manufacturers directly from within Autopart Tyres

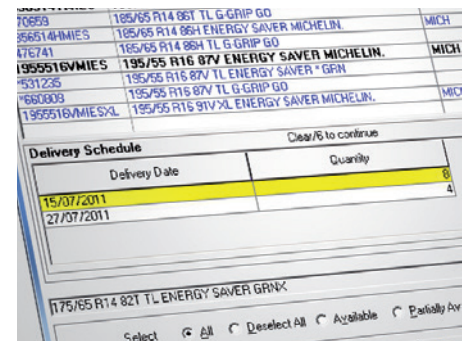

## Key features

- ▶ Fully integrated solution
- ▶ No costly 3rd-party software
- ▶ Efficient and economical
- ▶ Real time connectivity
- ▶ Reduced data entry & errors
- ▶ 24/7 lookup and ordering
- ▶ See accurate stock availability
- ▶ Access delivery schedules
- ▶ Place purchase orders
- ▶ Receive line-level acknowledgements

Utilising the established EDIWheel e-commerce protocol, MAM's tyre ordering module allows you to trade electronically with tyre manufacturers without having to use third-party software or browser-based portals. Working directly from within MAM's Autopart Tyres business management software, you can retrieve real-time stock availability, place purchase orders and receive immediate line-level acknowledgements. EDIWheel is supported by a variety of tyre manufacturers including Bridgestone, Cooper Tire, Continental, Goodyear Dunlop, Michelin and Pirelli.
