

# Automateonline

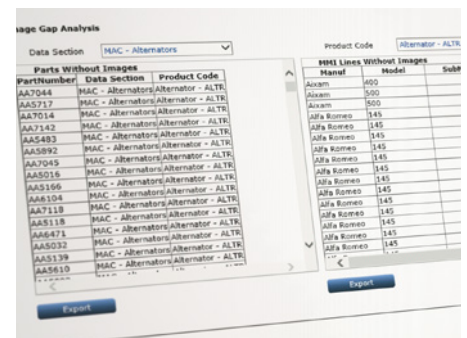

Autocat+ catalogue  
data management tool

A cloud-hosted solution that enables component suppliers to enhance product data and publish it to the MAM Autocat+ parts catalogue

## Key features

- ▶ Define a consistent data structure
- ▶ Improve catalogue matching
- ▶ Undertake product gap analysis
- ▶ Verify data & receive reject reports
- ▶ Preview data before publishing
- ▶ Distribute updates instantaneously
- ▶ Eliminate data latency issues
- ▶ Boost confidence in data quality
- ▶ Identify new vehicle models
- ▶ Receive monthly MMI updates

Automate Online is a catalogue data-management application that enables component suppliers to publish product data to the Autocat+ online parts catalogue. Automate Online prepares data for publication in Autocat+, providing reject reports for incorrect data and gap analysis to help improve entry. Product data is verified against the Make Model Index (MMI) – helping to achieve MMI Certified Data Supplier (MCDS) status. Continual updates mean that product information is up to date, ensuring customers have access to the latest data.

The screenshot shows a 'Parts Gap Analysis' table with columns for 'PartNumber', 'Data Section', and 'Product Code'. The table lists various parts and their corresponding data sections and product codes.

| PartNumber | Data Section                        | Product Code |
|------------|-------------------------------------|--------------|
| AA7044     | MAC - Alternators/Alternator - ALTR |              |
| AA5717     | MAC - Alternators/Alternator - ALTR |              |
| AA7014     | MAC - Alternators/Alternator - ALTR |              |
| AA7142     | MAC - Alternators/Alternator - ALTR |              |
| AA5483     | MAC - Alternators/Alternator - ALTR |              |
| AA5892     | MAC - Alternators/Alternator - ALTR |              |
| AA7043     | MAC - Alternators/Alternator - ALTR |              |
| AA5016     | MAC - Alternators/Alternator - ALTR |              |
| AA5166     | MAC - Alternators/Alternator - ALTR |              |
| AA6104     | MAC - Alternators/Alternator - ALTR |              |
| AA7119     | MAC - Alternators/Alternator - ALTR |              |
| AA5118     | MAC - Alternators/Alternator - ALTR |              |
| AA6471     | MAC - Alternators/Alternator - ALTR |              |
| AA5032     | MAC - Alternators/Alternator - ALTR |              |
| AA5139     | MAC - Alternators/Alternator - ALTR |              |
| AA5619     | MAC - Alternators/Alternator - ALTR |              |
