

# Autowork Enterprise

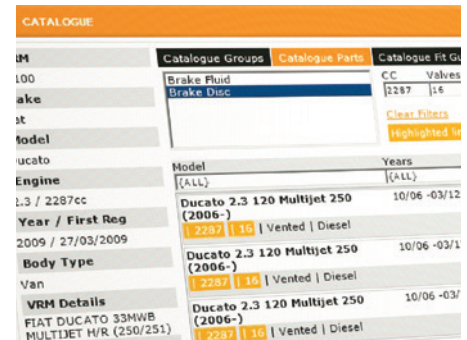

Software for multi-site tyre outlets and fast-fit chains

A Software as a Service (SaaS), browser-based point-of-sale solution which seamlessly integrates with Autopart Tyres at your head office

## Key features

- ▶ No installation required
- ▶ Works from a PC web browser
- ▶ Quotations, job cards and invoices
- ▶ Comprehensive service records
- ▶ Workshop diary system
- ▶ Tyre sales module
- ▶ Repair times and technical data
- ▶ Integrated parts catalogue & VRM
- ▶ MOT & service reminders by text
- ▶ Integrates with MAM CarSide

Autowork Enterprise is a web-based application for managing the business activities associated with a busy workshop. Its comprehensive array of features control all aspects of daily activity, including the production of job cards, invoices, quotations, and service and MOT reminders. Its dedicated tyre sales module allows you to compare products from a variety of suppliers complete with correct fitting times and tyre pressures. Autowork Enterprise runs within a web browser and requires no installation or maintenance. All information is stored on secure servers and backed up on a daily basis.
